

FUNFEST 2016

Saturday, 21 May 10:00am until 7:30pm
Faith Lutheran College, Redlands
Link Road, Victoria Point

Auction 2016

FAITH LIVE AND SILENT AUCTIONS

See what an amazing range of products are on offer, with lots of items for the entire family.
Live Auction - closes at 12:45pm.

Each item, or Lot, will have an individual bid sheet laid out with all Lot details. These will be located in the Music Classroom near the stage. During the morning you may want to return to the bid sheets to see how your bid is going, giving you the opportunity to raise your pre-bid if you have been outbid. Pre-bidding will finish at 12:45pm.

At the live auction (starting at 1:15pm on the Prep Stage), our Auctioneers have a starting price to work with (the highest pre-bid for the Lot). The auction starts at this price and continues as with a standard auction, until a sale is reached. All items have a reserve price, and if this reserve price is not met during the auction, the item may be passed in. If you set your pre-bid high enough, the item may have no further live bids come auction time, and if you are the highest pre-bidder, you win the sale. Auction helpers will be there to help you through any problems you may have.
Silent Auction - closes at 3:45pm - Sharp.

(The Silent Auction room will be closed between 12:45pm and 3:00pm while Live Auction is on.)
As we have an enormous amount of Auction items this year, a section of Lots will be Silent Auction only. This is well marked in the Music and Year 1 Classrooms. All items have a reserve price, and if this reserve price is not met during the auction, the item may not be sold. The Lot will go to the highest bidder (if the reserve price is met). Auction helpers will be there to help you through any problems you may have.

Remember... this is a regular auction, all sales are final. Please take care when making a bid as once your bid is placed, it cannot be withdrawn. If you are the Winning Bidder in our auction, you are obliged to pay the winning bid amount. Full payment must be made to us either by Credit Card or Cash. Goods will not be released until payment is received.

You must be over 18 years of age to make a bid.

**The response this year has been overwhelming.
The generosity of our donors is amazing.
A huge thank you to all the businesses and people
who have donated these prizes to the Funfest Auction.**

'The Winds of Change' has been created from part of an old cross beam, old copper and discarded aluminium electricity wires and mid 20th century rare green glass telegraph insulators. It is approx 800mm wide and 600mm tall and weighs approximately 8kg. Value \$2,800

Donated by: Terina Smith, Artist

Terina has a passion for changing the perception of what is valuable in our throw away society. She creates beauty and functionality from what is largely regarded as useless. In her Connection Series, she utilises discarded electricity cross beams and all the hardware deemed at its life end from the top of electricity poles.

People are barely aware of the history that sits up there carrying our electricity and fibre optic cable. In rural areas less than 100kms from Brisbane city, only recently have crossbeams that originally carried telegraph wires been replaced - the timber was hand hewn on site as the line was built over 100 years ago and the telegraph insulators date back to the 1950s when Australian Glass Manufacturing co-supplied glass insulators to replace the old China ones.

Terina's work has been exhibited in the prestigious C Gallery in Fortitude Valley and her pieces can be found in homes in London, Miami and Toronto.
