

Faith Lutheran College, Redlands offers students a broad spectrum of learning opportunities in a supportive Christian-centred environment.

### Junior Phase of Learning

The Junior School academic program provides students with learning experiences across all areas of the 'Australian Curriculum'. It helps students to develop their knowledge and understanding of key concepts while also providing students with the necessary skills and processes to become 'life-long learners'.

A rich cultural program is offered at the Junior School. Students can participate in choirs, ensembles, eisteddfods and musical productions. An extensive instrumental program is delivered by a team of qualified tutors. All students receive instruction in music theory and performance through the classroom music program. A specialist music teacher facilitates the learning in this area.

Students have the opportunity to represent their school in various sporting teams via their participation in 'The Junior Association School Sport' program. Formal Physical Education lessons are offered by a specialist PE teacher.

In recognition of the important role that Science plays in our lives, the Junior School offers specialised science instruction for students by a highly qualified educator.

### Middle Phase of Learning

The Middle Phase of Learning starts in Year 7 and extends to Year 9. At FLC,R the focus is on developing literacy and numeracy skills in a Christian informed setting. The Australian Curriculum Learning Areas of Mathematics, English, Science, History, Geography, Languages, Health and Physical Education, Technology and the Arts form the basis of the curriculum. Students also study Christian Studies which focuses on developing a Christian, social, and cultural learning.

During the Middle Phase of Learning, the aim of the College is to engage and motivate students by offering a relevant curriculum that fosters in children a desire to learn and achieve academic success.

### Senior Phase of Learning

The Senior Phase of Learning at Faith focuses on enabling students to realise their aspirations for the future through multiple pathways.

Students start to choose their learning pathways in Year 10. In Year 11 and 12, they specialise to gain access to further education and/or employment. Students also develop understandings and skills that allow them to participate as informed and active members of Australian society.

Along with an outstanding academic curriculum there are a range of vocational opportunities offered to Faith students. All students have the opportunity to attain a Queensland Certificate of Education at the end of the Senior Phase of Learning and, if it suits their educational goals, an OP/ranking that gains them access to further study at university.

## PATHWAYS TO SUCCESS

Faith provides a diverse range of alternative learning pathways for Senior School students. These pathways are an integral aspect of learning and incorporate a variety of opportunities to engage in workplace and real world learning in parallel with academic learning at the College.

This learning is available through an assortment of flexible partnerships and experiences including:

- University early entry programs;
- Certificate III Business;
- Certificate III Fitness;
- Certificate II Hospitality;
- School Based Apprenticeship/Traineeship (SAT)
- Enrolment at TAFE Queensland;
- Enrolment at Skills Tech Queensland;
- Enrolment at other Registered Training Organisations;
- Work Experience in Nursing (Redlands Hospital);
- Work Experience during School Holidays;
- Careers and Employment Expo;
- TAFE and University tours; and
- Allied Health Forum (Princess Alexandra Hospital).
