

## A message from our Principal

"Faith in Christ....prepared for life", summarises our mission at Faith. Our program is based on our Christian Faith while preparing students for effective and successful participation in the world. The academic learning program is supported and supplemented by effective pastoral care, information technologies, caring staff and developing co-curricular opportunities. The College provides quality facilities to serve the learning program.

Working with students on a continuous basis, Faith aims to equip students for their future as:

- Confident individuals making spiritual, moral, ethical and rational sense of their world;
- Self-directed knowledgeable learners and effective communicators;
- Reflective, innovative, discerning thinkers and problem-solvers;
- Resourceful, skilled creators and producers; and
- Socially responsible contributors in interdependent environments.

Faith places high importance on working with families, developing the most effective learning strategies and learning solutions for each individual. Parents and caregivers are warmly welcomed into the College and their contributions are highly valued.

We reached a significant milestone with the building of the Centre for the Creative Arts. This facility enhances our educational offerings to students allowing them to continue to learn and grow.

A visit to the College will help to gain a sense of our culture, our vision for students and the way the College aims to serve families in the Redlands community.

Please call us soon as we look forward to meeting you and making you feel welcome at Faith Lutheran College, Redlands.

# Focus on Learning

We have a partnership with our students for collective, responsible learning.

## Prep to Year 12 - Quality learning in a caring Christ-centred community.

The mantra at Faith this year is all about raising the bar individually and collectively. With this as our emphasis, Faith will instigate events such as the Parent Information Evening on 'How to help your child succeed', introduce Master Classes for QCS students, have a fully structured and accredited program for students who are taking a vocational educational pathway, as well as a series of events all tailored to help each child improve their learning through the year.

Faith Lutheran College, Redlands is committed to providing quality learning opportunities while nurturing the development of each child in a caring, Christ centred community.

The basic structure of the Junior School, (Prep - Year 6), Middle School (Year 7 - 9) and Senior School (Year 10 - 12) aims to offer age appropriate learning experiences through their formal schooling experiences. A foundation focus is on learning in numeracy, literacy, information and communication technologies and pastoral care.

Faith offers:

- The opportunity to excel academically and develop strong leadership skills;
- An education program that caters to the individual student;
- A high expectation for students to achieve their potential;
- A safe and secure quality Christian learning environment;
- An innovative Music program;
- Strong and effective pastoral care;
- An extensive range of curricular and extra-curricular activities;
- A high importance on creating an effective partnership with families;
- A broad range of academic experiences and subjects including Vocational Education and flexible learning pathways; and
- The latest in computing and technology learning opportunities.

Extra-curricular activities have seen Faith students selected for the Brisbane Lions Academy and AIS-AFL Academy; the Australian Ballet; to representing Australia in the World Robotics Championships; performing in Music Bands, Choirs; Youth Ambassador programs and so many other opportunities.

Faith competes with other private Colleges in the TAS Sporting competition, giving us the opportunity to show our excellence on the sporting field.

### Focus on Learning 2015 brings the introduction of

#### QCS Master Classes

Compulsory for Year 11 and 12 students

#### Sessions on 'How to help your child succeed'

#### Links to Life (L2L)

curriculum for all students not in the OP pathway. A fully accredited program that provides points towards the Queensland Certificate of Education (QCE)

#### Learning Plans

for students to help them with individual success.

### Inspiring Arts Program

- A program that fosters development of initiative, responsibility and respect;
- A caring Christian community; and
- A nurturing environment for the development of their individuality.

### High Reliability Schools

Since 2014, Faith Lutheran College's staff have participated in a professional learning session to continue to develop their knowledge of strategies to achieve the best possible learning outcomes for the students they serve. Faith Lutheran College, Redlands is continuing to develop and strengthen its focus on high standards of learning for all students by strengthening its team-based collaborative culture where student achievement is seen as the core purpose.

Faith Lutheran College, Redlands is a College of the Lutheran Church of Australia and part of the Lutheran Education Queensland System of Schools.
